# Keep Moving Down the Path of Effective Pain Management: The Importance of Long(er) Duration Drugs

Join us for this **live webinar**. In this session, we'll explore the importance of pain pathway knowledge in building effective analgesic protocols, where the gaps exist in our current analgesic drugs and introduce a new, longer-duration opioid for post-operative pain relief in cats.

## Speaker | Tamara Grubb DVM, PhD, DACVAA

Dr. Grubb is a Diplomate of the American College of Veterinary Anesthesia & Analgesia with a strong focus on pain management. She owns an anesthesia/analgesia & continuing education consulting practice serving small and large animals. Dr. Grubb is a national/international educator and lecturer, a certified acupuncturist, an Adjunct Professor of Anesthesia & Analgesia, and the President-Elect of the International Veterinary Academy of Pain Management (IVAPM). She co-authored "Veterinary Anesthesia & Pain Management for Nurses & Technicians."
