ADVANCES IN FELINE PERIOPERATIVE PAIN MANAGEMENT

THU, MAY 23

8 PM EDT | 7 PM CDT

PROGRAM OVERVIEW

Join us for this exciting and informative webinar as we delve deep into the latest advancements in feline surgical pain management. Board-certified veterinary anesthesiologist Dr. Jeff Wilson will discuss the impact of acute pain management on the development of chronic pain. He'll also share new insights into feline analgesia utilizing longer-duration products and success tips for making updates to your pain management protocols.

Aimed at both seasoned practitioners and those new to feline medicine, this webinar will provide a valuable opportunity to learn about the latest products, cutting-edge techniques, and the best practices in managing post-operative pain for your feline patients.

Featured Speaker | Jeff Wilson, DVM, DACVAA, CVA

Dr. Wilson is a board-certified veterinary anesthesiologist currently living in Bluffton, SC. He attended North Carolina State University for veterinary school and completed a rotating internship and residency at the University of Tennessee. He has lived on the East Coast his whole life and has served on the veterinary school faculty at the University of Pennsylvania, Angell Animal Medical Center, and Virginia Tech. He has also worked in private practice near Philadelphia. He is currently an anesthesia and pain management consultant.
