Side Effects:	
---------------	--

Dosage and Administration:	<p>Apply 2 tags to each animal – one tag in each ear. Apply as indicated in the diagrams</p> <p>Figure 1. Disinfect pliers prior to use. Place male button onto pin.</p> <p>Figure 2. Slide tag under the clip of the pliers by depressing the lever.</p> <p>Figure 3. Position tag in the centre portion of the back side of the ear.</p> <p>Figure 4. Apply the tag between the second and third rib cartilage. Do not penetrate any cartilage rib or blood vessel.</p>
----------------------------	---

General Directions:	<p>All mature animals in the herd should be tagged. Co-Ral Plus will provide effective control of buffalo flies if used regularly on all animals in the group. The level and duration of control may be reduced under conditions of high fly pressure.</p> <p>Replace tags as necessary.</p> <p>Calves less than 3 months should not be tagged as ear damage may result.</p> <p>Remove tags at end of fly season or prior to slaughter.</p> <p>Continual exposure to a single class of insecticide (e.g, pyrethroids or organophosphates) may lead to the development of resistance to that class of insecticide. In order to reduce the possibility of buffalo flies developing resistance it is important to rotate the class of insecticide used and/or the method of buffalo fly control on a seasonal basis. Co-Ral Plus contains the organophosphate insecticides coumaphos and diazinon. Co-Ral Plus may be seasonally rotated with ear tags from other insecticide groups.</p> <p><b>NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION</b></p>
---------------------	---

Withholding Periods:	WITHHOLDING PERIODS: Zero (0) days
----------------------	------------------------------------

Trade Advice:	TRADE ADVICE—EXPORT SLAUGHTER INTERVAL (ESI): Zero (0) days. Before using this product, confirm the current ESI from Elanco Australasia Pty Ltd on 1800 995 709 or the APVMA website ( <a href="http://www.apvma.gov.au/residues">www.apvma.gov.au/residues</a> )
---------------	---

Safety Directions:	<p>Product is poisonous if swallowed. May irritate the eyes and skin. Repeated minor exposure may have a cumulative poisoning effect. Avoid contact with eyes and skin.
