BomaZeal Mobilize

40 / 100 / 300 tablets

To aid in the treatment of non-infectious inflammatory joint disease, arthritis and osteoarthritis in dogs

ACTIVE CONSTITUENTS PER TABLET:

NZ Green Lipped Mussel extract	175 mg
Shark Cartilage	100 mg
Deer Velvet	25 mg
Enzogenol	5 mg

Bottle label (side panels)	Issue date: 23 Mar 2021
<i>The information above this line is not included in the label</i>	

BomaZeal Mobilize is a palatable supplement specifically designed to enhance the health and wellbeing of all dogs. BomaZeal Mobilize is an excellent addition to any diet.

DIRECTIONS FOR USE

By law the user must take due care, obtaining expert advice when necessary, to avoid unnecessary pain and distress when using the product other than as directed on the label.

Read unit carton prior to use.

Suggested daily intake:

Small dogs (up to 15 kg)	1 tablet
Medium dogs (15 kg to 30 kg)	2 tablets
Large dogs (over 30 kg)	3 tablets

BomaZeal Mobilize may be given in tablet form or crumbled on food. Increased efficacy may be achieved by doubling the dose over the initial 2 week period. The above doses can be safely increased in severe cases or on the advice of your veterinarian.

STORAGE

Store in a cool dry place below 30 °C (room temperature).

Keep tightly closed. As with many natural products, colour variance is normal and colour may change with time.

Registered pursuant to the ACVM Act 1997, No A9816
See www.foodsafety.govt.nz for registration conditions.

DIRECTIONS FOR USE

By law the user must take due care, obtaining expert advice when necessary, to avoid unnecessary pain and distress when using the product other than as directed on the label.

Read entire label prior to use.

Suggested daily intake:

Small dogs (up to 15 kg)	1 tablet
Medium dogs (15 kg to 30 kg)	2 tablets
Large dogs (over 30 kg)	3 tablets

BomaZeal Mobilize may be given in tablet form or crumbled on food. Increased efficacy may be achieved by doubling the dose over the initial 2 week period. The above doses can be safely increased in severe cases or on the advice of your veterinarian.

INDICATIONS

The results from a randomised, blinded, placebo-controlled study showed that BomaZeal Mobilize offers an alternative for the management of the clinical signs of mild osteoarthritis in dogs.

BomaZeal Mobilize tablets also put new life back into all dogs. Effects usually take a minimum of 3 to 6 weeks for a response.

The response to BomaZeal Mobilize may vary between dogs and over time, depending on multiple factors such as individual severity of symptoms, degree of clinical disease, weight

Banyan

management, exercise regimen, adjunct treatment and the dogs' lifestyle. BomaZeal Mobilize has a wide safety margin.

MODE OF ACTION

Green Lipped Mussel is a natural source of chondroitin sulphate, glucosamine sulphate and omega-3-fatty acids. It is thought to retard the degenerative process and have an anti-inflammatory action.

Shark Cartilage is used as a nutritional adjunct in the treatment and prevention of osteoarthritic problems. It is a source of chondroitin sulphate and mucopolysaccharides, which are major constituents of cartilaginous material in joint surfaces, ligaments and tendons.

Deer Velvet is implicated in the restoration of normal body processes, strengthening of general body functions, healing, promoting blood cell growth, improving the immune system and influencing cardiovascular function.

Enzogenol is a powerful formulation of antioxidant from the bark of *Pinus radiata*. It contains a concentrated blend of flavonoids & plant phenols that enhance the body's own free radical defence mechanism, thus providing numerous health benefits.

STORAGE

Store in a cool dry place below 30 °C (room temperature).

Keep pack tightly closed between uses.

As with many natural products, colour variance is normal and colour may change with time.
